

LAEYC

The Lincoln Association for the Education of Young Children sponsored the 24th annual Early Childhood Celebration on Saturday, April 9th. Held at Southeast Community College the Celebration had participation from over 25 community agencies, child care programs, and dance groups. Interactive displays offering hands-on activities for children were prevalent. UNL student volunteers participating in the “Big Event” offered their time and energy to assist at the event. SCC’s Fire Protection Technology Program and students assisted Lincoln Fire and Rescue with fire safety displays and equipment tours. Overall, the event was a huge success and we look forward to next year’s 25th Anniversary of the Celebration!
